

/6 HELLO

*Avanti! Guardiamoci intorno!
Miremos a nuestro alrededor*

Listen everybody
Hear the music groovin'
Don't be shy, say hello
Time to give it a go
And just think of all the people
You can get to know
Hello...

Listen everybody
Hear the music groovin'
All right
Get up everybody
Let your feet start movin'
All right

Get your hands in the air
Don't just sit there and stare
We got lots of fun to have
And lots of things to share
All right

Look around and see
So many different faces
People coming from
So many different places

Don't be shy, say hello
Time to give it a go
And just think of all the people
You can get to know
Hello...
